Hi Cayleigh and Mark,

I went through the NYDOS CZMA response letter. **Ex. 5 - Deliberative Process**

Ex. 5 - Deliberative Process

Some of these have been addressed in the RTC but I also provided additional references and graphics and text in the comment section and in the additional word document.

Ex. 5 - Deliberative Process

I am planning to work on the RTC today. Final review and including edits and responses to all comments.

Please let me know if you need a figure, quick reference to a section of the document, or anything else.

I am available and the best way to reach me is by email OR **Ex. 6 - Personal Privacy**

Thanks, Jeannie
